Our Story

Welcome to Denor Cabinetry!!

We are Sandy and Richard and we specialize in all of your kitchen and bath design needs from concept to installation. Together we combine over 20 years of experience in various industries such as design, project management, work for professional athletes, working on showcases for Parade of Homes and creating custom trade show booths for major retailers. We offer an acute attention to detail that will help us create the space of your dreams that is completely centered around our clients.

We offer new and unique product lines such as MOD Cabinetry and J&K Cabinetry. Our clients can have a fully virtual and engaging experience during time with us and we can send product samples upon request to their homes.
